

ABOUT MYSELF

Hello! Let me introduce myself. My name is Anna or Anya for short. My surname is Orlova. I was born on the 15-th of March 1989 in a small village. Ten years ago our family moved to Sochi. This is the most beautiful city in Russia situated on the Black Sea coast. Now I am a first-year student at the Technical Academy. In five years I'll be an engineer.

Now some words about my appearance. I'm tall and slim and I've got fair hair and blue eyes. My friends say that I'm pretty. I think I am just good-looking. I like sports and music. I was very serious about the career in gymnastics when I was in the 5-th form. But then I broke my arm and doctors didn't let me go in for gymnastics. I like to listen to modern music, especially hip-hop and R'n'B, and I'm fond of dancing. I dance a lot and I think I'm good at it. I also love swimming. I always swim in the Black sea when I visit my parents, my dear Mum and Dad.

I would like to tell you about our family. There are five of us: my mother, father, a grandmother, a younger sister and me. My father's name is Vladimir Aleksandrovich. He is 45. He is a mathematician by education and a businessman by profession. My mother's name is Tatyana Petrovna. She is 43. She is a housewife. My Mum has much work about the house and little free time. My younger sister Natasha is 11. She is a pupil of the fifth form. My grandmother, my Mum's mother, lives with us. She is a pensioner. My Granny is very kind, she helps us a lot and we love her very much.

Our family is very kind and friendly; we have a lot of friends. In summer our relatives come to visit us. And, of course, they use a chance to spend several weeks at the seaside: swimming, sunbathing, enjoying fresh, wonderful sea air.

In May I finished school number 2 in Sochi. I did well in all the subjects but my favourite subjects at school were Physics and Computer Science. I also liked English lessons. I'm very interested in learning English because I want to become a programmer.

I know that the knowledge of foreign languages helps in everyday life and career.

Two years ago I travelled around Europe. I visited France, Germany, Belgium, the Netherlands and Great Britain. The knowledge of English helped me a lot there.

As you see, my biography isn't very long yet. But I'm sure we'll meet again and next time I'll tell you more about myself. See you later!!!
